

No matter how varied your paint needs

*You can meet them with Dutch Boy white-lead—
the all-purpose, all-round paint material . . .*

WASHABLE interior wall paint . . . undercoatings for enamel . . . any one of a thousand different tints . . . flat, eggshell and gloss finishes . . . durable, economical paint for wood, plaster, wall board or metal . . . blended or mottled effects . . . plastic paint that gives the new low-relief textures—any of these you can get with Dutch Boy white-lead. It is the all-purpose, all-round paint material.

It makes for convenience and economy to standardize on Dutch Boy white-lead in your painting. At the same time, in using pure white-lead

paint such as Dutch Boy produces, you assure yourself of paint of the highest quality. Pure white-lead paint has long been known for its excellence, spreading and hiding qualities, for the beauty of the finishes it gives, for its satisfactory service.

Interior flat paint is made with Dutch Boy white-lead simply by reducing it to brushing consistency with Dutch Boy flattening oil. If plastic paint is desired, the same materials are used with the addition of whitening and drier.

Write for booklets . . . Let us send you our booklets "Decorative Possi-

bilities of Paint" and "White-Lead and Oil Plastic Finishes," which describe in detail the uses of white-lead in interior painting and show in color some of the effects obtainable.
