Syrup, and you won't have any cough. Get a bottle now and that cough will not last long. A cure for all pulmonary diseases. Mrs. J —. Charlie Parsons, of Los Angeles, ran the greatest race of his life last Saturday morning against the crack Stanford sprinter and but for an imperfection in one of the stop-watches used, the local man would have been credited with the phenomenal time of 9 3-5 for the 100-yard dash. This would have given Parson's a world's record for the distance and recognition as one of the greatest sprinters of his generation.

Now stockings are so high that it is said they will need neither supporters nor garters to hold them up. High prices will do the work. The National Association of Hosiery Manufacturers has decided that all stockings—silk, wool, cotton and mixed—have been selling too low. The Association needs more money so there is to be an advance of 15 per cent. Those ladies who do not care to put up wih the advance may darn the old stockings or do without. The reason of the avdance is that fabrics cost something like 80 per cent more than formerly, and anyhow, they say, it is better to have stockings up than down.
