DATE: February 4, 1993
FROM: Howard Duhon *HD*
SUBJECT: Vinyl Chloride Test

The class you instructed on 1-29-93 had 49 names on the sign up sheet, but only 48 test. After checking each one off one by one it was discovered that the one missing was yours. I need for you to take the 1993 Vinyl Test and send it in to me. This is drawing a fine line, but unless you put the test together, I need a copy even for the instructor.
