In the meantime I also have a small operator in New York who would be happy to welcome Administrator Pruitt. We have operators in every state and region, so keep us in mind, I can arrange for a quarry visit virtually anywhere.

Our members really appreciated hearing Administrator Pruitt speak and are eager for him to visit an aggregates operation. As I mentioned there are member operations in every state and we already have four small operations ready to host the administrator in Massachusetts, Mississippi, Connecticut and Kentucky, but can easily arrange others to fit with his schedule and location preferences. We look forward to discussing this further, feel free to email or call me on my cell any time 703 772-2499.
