

champlin 

May 27, 1980

Mr. Tom Palmer
Texas Air Control Board
5602 Old Brownsville Road
Corpus Christi, Texas 78415

Dear Mr. Palmer:

Confirming my telephone conversation with Mr. Charles Spiekerman of your office on May 12, 1980, this is to inform you that Champlin removed approximately 62 cubic yards of asbestos insulation from an inactive vacuum unit. The work occurred during the period of May 12, 1980 through May 23, 1980.

The asbestos material was packaged in plastic bags and transported by enclosed vans to the TECO Robstown site for final disposal.

If additional information is required concerning this matter, please contact me.

Sincerely,

Philip Vrazel
Environmental Chemist
