

March 27, 1953

Dr. G. H. Gehrmann
Medical Director
E. I. Du Pont de Nemours and Co., Inc.
Wilmington 98, Delaware

Dear Gehrmann:

Thanks for your letter of March 12, about Dr. Baker's clinic at the Greenbrier. I shall certainly look him up while I am there. I knew something of his activities, since I had an exchange of correspondence with him several years ago. Marion Blankenhorn (Professor of Medicine in this Medical School) also told me about him and his clinic. He was there some time ago, and if I remember correctly, was on the Advisory Board. At any rate he familiarized himself with the plans and purposes of the clinic, and I am sure that he has encouraged some people to go there in the same spirit that he commended it to me.

I was sorry not to see you at the Academy meeting, and I gathered the idea somewhere, certainly not necessarily reliably, that you had been ill. If you were at that time, I hope you are fully recovered and in good spirits.

Please give my regards to Mrs. Gehrmann, and accept my best for yourself.

Sincerely yours,

Robert A. Kehoe, M. D.
