

1 Q Okay. Okay. The second activity that he
2 tested was sweeping.

3 I think he did that, he said, for about five
4 minutes, and that resulted in fiber release of 1.7
5 fibers per cc.

6 A Yes, sir.

7 Q Okay. Then he tested filing, and I think
8 that was with the metal file on the disc pads. And he
9 did that for about five minutes.

10 A Yes, sir.

11 Q And that resulted in only .3 fibers per cc?

12 A Yes, sir.

13 Q And so then the final activity was the
14 grinding, and I think he said that he did that for two
15 minutes, and that resulted in 8.5 fibers per cc.

16 Now, Doctor, let me ask you just a
17 preliminary question.

18 If you were going to assume that a mechanic
19 did all of these activities once a day, how would
20 you -- what would the first step be that you would do,
21 what would it be to convert it to a time-weighted
