Dear Mr. Hornbuckle:

Thank you for permitting us to conduct the follow-up safety survey of your facility on June 2, 1981. All serious violations noted by our consultant during the initial survey were found to have been satisfactorily abated. For this reason, we are closing our consultation file on your establishment.

We appreciate your cooperation and thank you for your interest in the safety, health, and welfare of your employees. Feel free to contact us any time we can answer questions or otherwise be of assistance.

Sincerely,
