RE: VC 7.0-DP/PREV-UL

Dear Mr. Joyce:

I am pleased to be able to notify you that the final drafts of the research documents have been prepared for the Chemical Manufacturers Association. On April 30, 1982, I was notified by Dr. Carlo Tamburro, that our print shop is preparing the final copies and they should be completed in about ten working days. In the interim, in order to insure that the Chemical Manufacturers Association is aware of our efforts to successfully complete this contract, Dr. Tamburro forwarded a preprinted copy for their information.

I am pleased that I was able to participate in finding a way to successfully complete this project. Please be reassured of the University's determination to meet contractual obligations and our concern about maintaining a good rapport with agencies which fund our research projects.

I still look forward to a meeting with you during one of my trips to Washington.

Sincerely yours,

K. J. MUSACCHIA
Dean of the Graduate School
