Dutch Boy

INTERIOR FLAT WALL FINISH

LOOK FORWARD TO PLEASURE and admire—as will your friends—the smart color... the really flat finish... the decorator effect. And then when you clean up your brush and roller do it right under the tap... just like washing your hands. Yes—that's decorating with "Dutch Boy" Wallpaper—the direct in here.

-  **STEIN RESISTANT** Rubbed, scraped, scratched, and even rubbed by sharp and rough objects without losing its color or finish.
-  **NO WAITING**—You can start painting at once and finish in a few hours. No waiting for paint to dry.
-  **APPLY WITH EASE**—Paints on with a brush or roller. No need for special tools or equipment.
-  **QUICK CLEANUP**—Your brush and roller are clean and ready for use again. No need for special cleaning.

Dutch Boy NALPLEX

These Nalplex colors were selected by decorators... for decorators, both professional and amateur. There are colors to complement every style of decoration. If you prefer a higher sheen finish on doors and work-work, ask about companion shades in a "Dutch Boy" semi-gloss or high lustre enamel.

A **STANDARD** summer starts your first dip of brush or roller into Kelapine. This newest product of "Dutch Boy" paint research, Kelapine contains one of the famous "acrylic" resins, blended expertly with titanium pigment and other rugged components to make a wall finish at its more breezy, more permeable, than any you've ever known. Some of today's "acrylic paints" are notorious... some are fast drying. Not only "Dutch Boy" Kelapine combines these advantages with an adhesive quality, high coverage and sheen of sheen rarely new to the standard wall paint field. With all this, Kelapine is a "ditch" to apply:
