

INTER-OFFICE CORRESPONDENCE

DATE April 29, 1977

SUBJECT OCCUPATIONAL SAFETY AND
HEALTH SURVEY RESULTS

LOCATION: Process Engineering, Marcus Hook

FROM: W. D. Ross

TO: Mr. J. F. Naber

PLAINTIFF'S EXHIBIT

SUN-275

RECEIVED

MAY 03 1977

J. M. HAAS

Attached is a summary of air sampling results obtained between February 3, to April 20, 1977 around the demolition area at 10 Plant and throughout the lower refinery from Second Street, Blueball Avenue, Post Road and lower Green Street for asbestos fiber count.

On February 3, 1977, the OSHA inspector came in and collected samples at 10 Plant in a close-face filter and I proceeded to take samples in the same manner. On February 17, 1977, the OSHA inspector came back and collected samples in an open-face filter which I also proceeded to do.

attach.

Re: *Asbestos Cases Involving the Suntime Refinery*

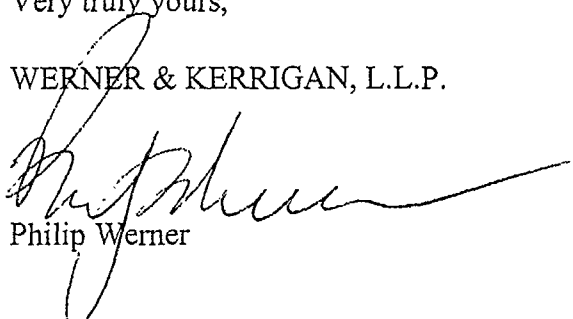

Dear Mr. Frost:

Enclosed are copies of documents Bates stamped S(C) 001 through S(C) 021, which are responsive to one or more of your requests for production, or which we may use as trial exhibits.

Please call if you have any questions. As always, if we locate additional documents which are responsive to your requests, we will of course make them available to you.

Very truly yours,

WERNER & KERRIGAN, L.L.P.

Philip Werner
