PERSONS INTERVIEWED: Jim Thomas - Project Manager

RECEIVED
MAY 24 1976

CALL OBJECTIVE: Determine status of RG-600 evaluation.

RESULTS OF CALL: Jim (who is Marvin Wilson's boss) was vaguely familiar with the work that has been done on RG-600 but could give us no real idea where things stand. He did promise, however, to find out the status and report back to us by the end of May. If he doesn't get in touch with us by then, he suggested that we call him.

Considering all the confusion here, this may be our chance to once and for all define the real cause of the evaluation hold-up.
