

INDEX

- Accident(s)
drowning in paint 1214
rectal perforation by thermistor 1215
- Air pollution
constituents of city smoke 1206
control
ammonia for eliminating acid smuts in oil-fired plant 1209
flame incineration in paint industry 1210
new flue-gas scrubbing system 1208
origin of smog 1207
- Alcohol
blood levels in social drinking 1137
- Alcoholics
longitudinal pancreatocoejunostomy 1140
- Alcoholism
spectrum of myopathy
clinical and laboratory features 1138
microscopic observations 1139
- Allergy(ies)
to chromium, nickel, and cobalt 1165
- Ammonia
for eliminating acid smuts in oil-fired plant 1209
- Asbestosis
development of lung cancer in rats 1189
induced neoplasms 1190
- Athletes
cardiovascular studies on former 1144
- Bacteria
survival time on wool and cotton 1159
- Benzo (a) pyrene
determination in atmospheres 1203
- Beryllium
chronic lung disease 1174
inhalation exposure of rats to the sulfate 1172
pulmonary deposition and clearance in rat 1173
- Books
occupational disease in California—1965 1132
strategy for a livable environment 1131
- Cadmium poisoning, detection in fish 1175
- Canada, influenza in 1143
- Cancer
lip, therapy 1149
lung
chemotherapy and x-ray therapy 1150
factors in survival 1152
oral cavity 1148
- Carcinogens
benzo (a) pyrene, determination in air 1203
- Carmine
source of salmonellosis 1153
- Chromium, allergy to 1165
- Cobalt, allergy to 1165
- Cold (low temperature)
accidental exposure to freezing 1196
- Communion cup
transmission of infection by 1161
- Contraceptives
strokes in young women using oral 1145
- "Creeping eruption"
treatment with thiabendazole 1167
- Dermatitis, dermatosis(es)
among leather workers in India 1166
anatomy and physiology of the skin 1162
contact in animals 1163
"creeping eruption" treated by thiabendazole 1167
public health significance of ring-worm in animals 1169
pustular infection of scalp 1168
shapes of infectious disease lesions 1164
- Desert, metabolic reactions to work in 1194
- Diabetes, prevalence of retinopathy 1147
- Dieldrin
absorption and translocation by forage crops 1184
- Dust collector(s) collection
primeron fabric 1187
- Electronic thermistor
rectal perforation by 1215
- Environment
strategy for a livable (bk. rev.) 1131
- Ethionamide, toxic liver damage 1182
- Executives
recognition of early emotional stress 1135
- Eye
in-plant care of injuries 1142
occult temporal arteritis as cause of blindness 1141
- Fiber glass
chemistry and technology 1191
pulmonary hazards from exposure to 1192
- Filter(s)
removing titanium dioxide particles 1186
- Flue gas, new scrubbing system 1208
- Food(s)
sanitation problems in vending machines 1160
- Fungus infection(s)
fatal opportunistic disease 1155
surgical treatment of pulmonary 1156
- Gasoline, determination of total lead 1178
- Hearing, high frequency thresholds 1197
- Heart
cardiovascular studies on former athletes 1144
cases under workmen's compensation laws 1213
