Check the email address of the sender. It is possible that the name of the sender is known to you (e.g. a colleague), but the actual sender is someone else.

Dear [REDACTED] Dear [REDACTED]

Thank you so much for organising this meeting and initiating closer collaboration. That is so beneficial or both restriction proposals.

Please find attached the document I was referring to. Sections 3.1 and 3.2 and Annex IX concern the topic on the short-chain PFAS as borderline cases, regarding P concern.

[REDACTED] may I ask you to forward this email to [REDACTED] (since I do not have [REDACTED] email address)?  
(My colleague will send you the meeting invitation (most likely tomorrow). May I ask you to forward that to [REDACTED] as well?)  
Thank you so much in advance.

If you have any comments, thoughts or questions regarding the document attached, please do not hesitate to share with me 😊

Best regards,

[REDACTED]
