Subject: Letter Regarding Paris Treaty

Good morning Samantha –

Thank you again for helping to arrange a meeting at EPA last month with Roger Helmer, a UK member of the European Parliament. Roger has been very active in urging signatories to the Paris Treaty to withdraw.

Roger recently spearheaded a letter to President Trump from 20 members of the EU Parliament (attached) encouraging the President to send a message to the world by withdrawing the US from the agreement. I realize this issue isn't entirely in the purview of EPA but I thought you should see the letter and I'm sure Roger can answer any questions about it that you or the Administrator might have.

Thanks again, please let me know if we can be helpful in any way in the future.
