Definitely not out of line. What will you be doing at HUD, David?
I'll forward the resume.

Thanks,
Scott

It was nice seeing you a few weeks ago at the beachhead event. This is also my last week at the Partnership and I plan on going into the administration over at HUD as well.

David,

It was good to catch up today. As we discussed, I am greatly interested in serving in the Department of Interior in the new administration. More specifically I am interested in the position of Assistant Secretary for Land and Minerals Management; however, I would of course be open to other positions should I be able to better assist Secretary Zinke and the administration.

I have spent the last ten years in the energy industry and I have been privileged to be a part of the industry during a period of great innovation and rapid increase in domestic oil and natural gas production. Most recently I helped to build an oil and gas investment firm that managed private energy assets valued at \$1.4 billion prior to the downturn in commodity prices in late 2014. As a result, I have a deep knowledge of all facets of the oil and gas

industry including the mineral leasing process. While I have worked primarily in the oil and natural gas sectors, I also had exposure to coal and coal-related technologies during my time working for former Secretary of Commerce Bob Mosbacher.

I plan to be in D.C. in the next couple of weeks and should there be anyone with whom you would recommend I meet, I would be grateful for the introduction. Resume attached.

Best,

Beau

Chief Operating Officer, that sounds good. No, I am not permanent yet. My 120 days are up in 18, so hopefully I'll be somewhere by then. Maybe we'll work have a chance to work together on management things.

Thanks,
Scott

Thanks Scott - do appreciate it. I'll be the Chief Operating Officer over there starting on the 15th. Will try to take next week off.

Have you landed permanently over there?
