Re: Nevada Power Company v. Monsanto Company, et al.
USDC, District of Nevada Case CV-S-89-555-LDG (LRL)

Dear Peggy,

Thank you for responding so quickly to my letter of July 25, 1993 regarding Westinghouse's July 23, 1993 in camera submission to the court. I have checked the documents provided by Westinghouse to our office and have located the five page chart listing documents by bates number and their current location. From our discussion this afternoon, it is my understanding that this chart is Westinghouse's report which details the results of its investigation into the continued existence of PCB, Dioxin, and furan documents referred to in plaintiff's Exhibit 1212.

Sincerely,

BRADLEY & MERRELL
