RUBEROID'S TIME TESTED SPECIAL BITUMEN heads the class in roof protection

Applied 28 years ago—still in service. The Accomac Elementary School, Accomac, Virginia—a typical example of economy and durability with RUBEROID roofing. This Special Bitumen job, done in 1932, is a four ply 15# Asphalt Felt, Bitumen and gravel surface on one inch of insulation.

Long roof life and RUBEROID Special Roofing Bitumen are synonymous. Proven time and again on jobs like the Accomac School, Special Bitumen is today's choice for tomorrow's weather-tight, maintenance free, built-up roof.

The plus values of durability and an engineered application by a RUBEROID Approved Roofer are your assurances of quality this year, next year and for many years to come. It's a combination that can't be topped in the built-up roofing industry.

Specify RUBEROID Special Roofing Bitumen on your next project and get those extra years of roof life.
