That would be wonderful, Chris!

Thanks,

Scott

Got it, Scott. Let me take a look and think a bit and I'll get you some specifics, but I think possibly mid-week this week or early next week at the latest.

Chris,

Per our OCL/PMB coordination meeting of a couple of weeks ago, can OCL please draft bill language on two separate topics to eventually be submitted to OMB for interagency clearance:

1. Giving the Secretary of the Interior authority to make decisions about buyouts without first needing OPM review or approval.
2. Authorizing the Director of the US Geological Survey to make term appointments of up to ten years for employees who are in scientific occupational series, and extendable for an additional five years, for a total of 15 years, notwithstanding the current statutory limitation of NTE 3 (or is it four) years for term appointments.

Please let me know when you might be able to get these work products done, without displacing any OCL priorities, of course.

Thanks,

Scott
