OUR FILE NO. 960-M

N° DE DOSSIER

Tunney's Pasture,
Ottawa 3, Ontario,
April 1, 1970.

Mr. Jack T. Garrett,
Manager,
Pollution Abatement,
Monsanto Company,
800 N Lindbergh Boulevard,
St. Louis, Missouri 63166,
U. S. A.

Dear Mr. Garrett:

We are presently carrying out animal studies with a number of Aroclors and our supply of 1221 and 1254 is very low. Therefore, I would appreciate it very much if you could supply me with samples of Aroclors 1221 and 1254.

Yours sincerely,

A handwritten signature in cursive script that reads "Donald L. Grant".

Donald L. Grant,
Food Division.
