to me

Albert,

Please create a new file for this company, with this e-mail and the 3 attachments. Please also add the FMSI doc, letter from RC Wyatt (Maremont) to I. Weaver (R-M) Feb. 19, 1973.

Barry

Dr. Castleman,

I've attached discovery responses that we've received from Brake Materials & Parts in the Chavis case. For your reference, this is a local brake/automotive parts supplier in Fort Wayne, Indiana. During the years when Mr. Chavis worked as mechanic in Northern Indiana Public Service Company's automotive service garage (September 1971 to January 1974), Brake Materials & Parts sold and utilized Grizzly brake linings.

Please do not hesitate to contact me about this matter.

Take care,

Mike
