F. J. Fitzgerald - B2SA

December 29, 1975

Mr. E. H. Harbison, Jr. - B3SA

PCBs

Mr. H. H. Bible
D1T

For your information, I'm relaying two documents from Mr. Harbison:

1. Transcript of Mr. Russell Train's 12/22 press conference on PCBs.

2. Mr. Harbison's notes of his visit to G.E.

Monsanto -- perhaps Mr. Hanley personally -- will shortly be invited to Mr. Train's January 14 meeting.

We're preparing a Monsanto position for the January 14 meeting, although the invitation may affect our approach. We're also working towards a joint program with G.E. on capacitors targeted for February 1976, unveiling.

F. J. Fitzgerald
