Once every month	Major	high monitoring frequency has no added value

Proposal for modification

x000D
Add in headline of third column "if
relevant" _x000D_
Add that the measuring only takes
place at the point of
release _x000D_
x000D
frequency every 3 months for all
parameters _x000D_
x000D
copper, nickel, zinc only relevant
when dyeing ; _x000D_
PFC not relevant for all processes
but for finishing; _x000D_
~~delete surfactants (not relevant for~~

Rationale / supporting data

x000D
he colour of direct discharges is stable_x000D_
Therefor a monthly frequency gives no added value for the company nor the
authorities_x000D_
x000D
Additional testing costs should be avoided_x000D_
x000D
for total P - only applies for direct and not indirect discharges_x000D_
