

1 A Right.

2 Q So it is really not your area to determine
3 what risks are associated with specific exposures
4 then?

5 A Well, I mean, I read a lot of epidemiology,
6 and I can spout what the epidemiologists said, but
7 that is not the original research that I have done,
8 no.

9 Q Okay. In addition, you are not a
10 toxicologist, are you?

11 A I am not a toxicologist.

12 MR. WILLIAMS: Thank you, Your Honor. That
13 is all I have.

14 THE COURT: Thank you.

15 Ms. Tostanoski.

16 MS. TOSTANOSKI: Thank you, Your Honor, but
17 I have no questions of Dr. Brody.

18 THE COURT: Okay.

19 Mr. Taylor.

20 MR. TAYLOR: No, Your Honor.

21 THE COURT: Very well.
