Subject: Top Ten Environmental Issues

Listed below are the top ten environmental issues at the VCM Plant. These are areas which we need to focus our attention on devoting the manpower and funds as necessary to accomplish each one. Please let me know if you have suggestions for additions or deletions.

- 1) Light Ends Handling Project
- 2) Vision Project
- 3) NPDES Permit Application
- 4) Groundwater Remediation Project
- 5) T-902/Incinerator Closure Report
- 6) T-405 Failure Repair Report
- 7) Release Reporting Procedure Review
- 8) Waste Carbon Disposal
- 9) Waste and Release Reduction Program
- 10) Communication Efforts to Employees, Community, other.
