YOU CAN FILL EVERY HEATING NEED FROM THIS COMPLETE LINE
From AMERICAN-Standard come Boilers, Warm Air Furnaces and Winter Air Conditioners of all types and sizes for Coal—stoker or hand-fired—Oil, or Gas, and a full line of Radiators, Convectors, Oil Burners, Domestic Water Heaters, and Accessories—all backed by the undivided responsibility of one of the world's largest manufacturers of Heating and Plumbing Equipment.

ARCOFLAME OIL BURNERS

The Model "C" Arcoflame has a capacity of up to 3 gallons per hour. The Model "L" (not shown) from 3 to 7 gallons per hour. Both are highly efficient.

ARCO RADIATOR

The modern, slim type radiator that occupies less space and gives more heat. It comes in four narrow widths and in four heights—19, 22, 25 and 32 inches.

Arco Radiator

Sunrad Radiator

Type "R"

Type "RC"

SUNRAD RADIATOR

Installed recessed or free-standing. Requires no enclosure. Two sizes: 20 in. high x 5 in. wide = 2 sq ft, and 23 in. x 7½ in. = 3 sq ft.

BASE- BOARD RADIANT PANELS

Made to replace ordinary baseboards. Available in two styles: Radiant type 1.25 sq ft per lineal foot. Converter type 2.08 sq ft.

ARCO CAST IRON CONVECTOR

For convection heating. Available in four widths and in virtually any desired length.

ARCO MULTIFIN CONVECTOR

For all systems except one-pipe steam. Made in five widths. Non-ferrous.

BUDGET GAS FIRED WATER HEATER

Heats water automatically, stores it for instant use. Jacket finished in white enamel, black trim. Thrifty and dependable. Four sizes—15, 20, 30, and 40 gallons.

EXCELSO INDIRECT WATER HEATER

A complete line ranging from 30 to 2500 gal capacity.
