

MEMORANDUM OF CONVERSATION

Telephone Conversation: Ellen Shapiro (WVAPCC) to J. R. Soice
August 7, 1981, 1:40 p.m.

1. Ellen was returning J. L. Worstell's call.
2. I told Ellen that we had made a report to the "Superfund" Hotline concerning the loss of 4.6 pounds of vinyl chloride from the Solution Vinyls Unit. The loss had occurred between 3:15 and 4:00 p.m. on August 6.
3. I told Ellen that the storm on August 5 had blown over some duct work. We were doing maintenance on the duct when a small vent line was broken.
4. I explained that our call was of a courtesy nature since I did not think there was a State requirement for reporting such a loss.
5. Ellen thanked me for the call. She said that if anyone wanted additional information, they would call back.
