Administrator Pruitt,

The National Association of Clean Water Agencies (NACWA) is sending the attached letter to formally request a meeting with you and your team to discuss the many water quality and water infrastructure challenges that our public wastewater treatment agency members are working hard to address.

Attached is a letter requesting a meeting with our Executive Committee, comprised of

senior utility leaders from around the country. Please contact me or NACWA's Chief Technical Officer, Chris Hornback, at chornback@nacwa.org<<mailto:chornback@nacwa.org>> or (202) 833-9106, for scheduling.

Thank you in advance for your attention to this matter and we look forward to speaking with you soon.

Sincerely, Adam.
