CUTTING CHARGES

(Net prices—No discount allowed)

CUT CORNERS—Add \$.10 per cut corner if corners of sheets are to be cut for "straight joint" application. (\$.50 per net sq. when quoting on square basis).

ODD LENGTHS—We will charge on the basis of the next longest standard length sheet. No charge is made for cutting.

DIAGONAL CUTS OR L CUTS—An extra charge of \$1.00 per cut will be made for diagonal cuts.

LONGITUDINAL CUTS—To any specified width, customer to pay for sheets used, plus \$.08 lin. ft. cutting charge.

NOTE—The saw loss of each cut is $\frac{1}{8}$ ".

CRATING CHARGES

(Net prices—No discount allowed)

Add 25% of list price and 20% to shipping weights of all sheets and asbestos cement finishing pieces when crating is required. If special crating is required beyond our standard specifications, send us crating specifications for estimate.

Special Ruberoid skid crates for domestic or export shipment, each with a maximum loading of 2400 lbs. or 600 sq. ft. gross sheet area. Add 10% of list price and 5% to shipping weights of all sheets and asbestos cement finishing pieces when skid crating is acceptable and crating is required.

SUGGESTED UNIT PRICES WHEN ESTIMATING FROM DRAWINGS

The following unit prices are for use only when estimating jobs from blueprints. Customers must use the prices given per sheet as we cannot guarantee to furnish sufficient material to complete any specific job at these estimating prices. FREIGHT EQUALIZATION

(All transportation charges will be based on actual shipping weights but not less than our published weights per square or lineal foot of material.)

RAIL CARLOADS

All prices are f.o.b. St. Louis, Mo. We will equalize freight in straight rail carloads with the published rail carload or published common carrier truck rate from the following competitive factory points to destination: Lockland, Ohio — New Orleans, La. — Waukegan, Ill.

To destinations within the corporate limits of above factory points, we will absorb full transportation charges, if based on published rates by railroad or common carrier trucks.

We will equalize rail-and-water or all-water rates plus switching, wharfage and transfer charges with the above competitive factory points only at our option.

FULL TRUCKLOADS

We will equalize only with the lowest published common carrier truck rate from the above competitive factory points to destination.

LESS THAN CARLOAD OR LESS THAN TRUCKLOAD SHIPMENTS

L.C.L. or L.T.L. shipments are f.o.b. our St. Louis, Mo. plant and subject to freight equalization by us not to exceed 75c per cwt.

PICKED-UP AT OUR ST. LOUIS PLANT

No transportation allowance.

PRICE CHANGES

Prices quoted are subject to change without notice. All orders accepted on and after date of price revision subject to prices in effect at time of shipment.

TERMS OF PAYMENT

2%, 10th prox.—Net, 30th prox., exclusive of freight charges. All invoices will be dated as of date of shipment.
