

1 Q Can you tell us what research the trust
2 fund supports regarding asbestos-related diseases?

3 A It supports Dr. Gabrielson, who is in our
4 department. And, in fact, one of the major researches
5 is asbestos and how it causes disease and specifically
6 how it causes tumors.

7 Q Attached at the back of your resume is a
8 list of articles and publications, and I won't ask you
9 about all of them, but you have written chapters in
10 various textbooks on medicine; is that correct?

11 A Yes.

12 Q Approximately 50 articles that you have
13 published in the medical and scientific literature on
14 various areas of medicine?

15 A That is correct.

16 Q Do any of those deal particularly with
17 asbestos?

18 A No, they don't.

19 Q Have you seen cases of asbestos-related
20 disease as a pathologist during your years in
21 practice?
