How to Select Colors
BASS-HEUTER PURE PREPARED PAINTS
RULES FOR SELECTING COLORS when the Bass-Heuter Pure Pre-
pared Paints are used.
Light Colors make things look as in a picture. **Standard Tints** in the open air
look as they are. **Dark Colors** make a house look small. **White** makes a house
look larger than any other. **Light Priming** makes things cheerful,
which adds the opposite effect.
In painting or decorating you probably realize that, in the modern
house, the woodwork is an important feature, but more important is the
protection from weather and wear you give it.
Colors paint in proper proportions is the trick—we have been making
and testing for forty years. Result—send you with a pure prepared
paint that needs no skill to apply. House paint in two grades. First and
best, the first and best paint at \$1.00 per gallon. Discount on 5 gal. lots.
