our records show that Ford Motor Company was a member of Industrial Health Foundation from January 7, 1947 to December 31, 1974. During that period the following persons served on our Board of Trustees, Legal Committees and Chemical-Toxicological Committees:

| | | |
|---|---|---|
| John Bugas | Trustee | Oct. 1955 - Dec. 1958 |
| Robert T. Ross | Trustee | May, 1959 - Oct. 1967 |
| Paul D. Colombo | Trustee | Oct. 1967 - Oct. 1970 |
| James L. Hill | Legal Comm. | Dec. 1954 - Oct. 1970 |
| Florian A. Lux | Legal Comm. | Oct. 1970 - Aug. 1972 |
| William Davies | Legal Comm. | Aug. 1972 - Mar. 1973 |
| J.C. Radcliffe | Chem-Tox Comm. | Dec. 1961 - July 1972 |

We had no individual memberships.

Cancer and respiratory fibrosis and/or asbestos exposure injuries were possibly discussed at many conferences, seminars or meetings held by IHF over the years. Attendance lists are not available for all of those meetings, but we do have an attendance list for the "Summary of Needs and Plans for Asbestos Research" held in Pittsburgh, on July 19, 1966 and it shows no Ford Motor Company representatives in attendance.
