Paper Caution Labeling, Overseas Markets

Referring to your memo of February 20 under the above subject, we are attaching a copy of the letter from the Japanese stating that they do not require labeling. As for the Germans, we only have a verbal confirmation to our Salesman, Mr. John Nolan, stating that no labeling is required. Therefore, we are not putting cautionary labels on either Japanese or German shipments.

If you have any questions please contact me after March 13, as I will be on vacation until then.
