(Dictated February 25th).

Dr. Harries,
Medical Department,
H. M. Dockyard,
DEVONPORT.

Dear Dr. Harries,

Just a brief note to thank you for giving me so much of your time on Thursday. I have been in touch with Surgeon Captain James and, as I anticipated, he has suggested that we maintain contact with you, although he was perfectly happy to meet Dr. Knox and Dr. Holmes at any time when we felt a meeting would be beneficial.

I hope to see Dr. Holmes next week and either he or I will write to you, suggesting a visit to our works at Rochdale.

Yours sincerely,
