P. O. BOX 8361, SOUTH CHARLESTON, WEST VIRGINIA 25303

To (Name) Mr. T. E. Lawrence
Division K-1467
Location Danbury
Copy to R. W. Holland, M.D.

Date August 24, 1983
Originating Dept. Safety & Health
Subject Angiosarcoma - NIOSH
Notification by Dr. Holland

Dr. Holland tells me that his direct notification to NIOSH of an angiosarcoma death has been his practice in each of the nine fatalities to-date. He first notifies Tom Lincoln verbally, then writes the particulars to NIOSH with a copy to Dr. Lincoln. This approach appears to have Dr. Lincoln's blessing, and he plans to continue in this manner unless you feel that there is a more appropriate way to handle such communications.

Very truly yours,

J. S. Cornell

Ext. 2618

Tom,
ARE WE OBLIGATED TO INFORM NIOSH
OF ANGIOSARCOMA RELATED DEATHS?

B.O./Joe - FYI - MAY HAVE IMPACT
ON NORTH CHARLESTON SUIT
