O/ea

20th June, 1944.

Dr. Robert A. Kehoe,
College of Medicine,
University of Cincinnati,
Ohio, U.S.A.

Dear Dr. Kehoe,

Since sending you copies of your booklet: "Summary of Conditions responsible for Toxic Hazards to Workmen Engaged in Filling Small Containers with Leaded Gasoline" it has been found that these copies contain certain errors in the Appendix, and a reprint is now being made and will shortly be ready for distribution. In meantime, we have had printed some Errata slips, of which I enclose a copy herewith, and have asked those companies to whom we had already sent the booklet to affix these slips to their copies until the revised issue is received.

We expect the corrected copies any day now, and will forward yours immediately they are available.

With kind regards,

Yours sincerely,

W. C. L.
