Q Was it sometime in February after looking at this record?

A You have asked me the question and I have answered it. I would have to look at the record to give you an exact date.

This only says that following his last dose, and I don't know whether that was his total final dose of both chemotherapeutic agents or not. I would have to look at the record.

Q All right. Did he indicate from this record that he was feeling pain in his abdomen?

A Tightness.

Q Tightness, but what is that? But no pain?

A Correct.

Q Doctor, at this time is he on any kind of narcotic or medication?

A Again, without looking at the record, I can't tell you the time course of what medicines he was on at what point in time, but I would be happy to look at the record and answer the question.

Q Let's move to March. This is probably seven
