TO: David Beville cc: Distribution

FROM: Mike Giammarco

DATE: November 30, 1994

SUBJECT: November 22 New Number Memo on AB-, AS-, & MAS- Brake Shoes & Pads

Ben Lowe has requested that we *NOT* introduce 2nd line brakes, only 1st and 3rd lines, unless the application is available only in the 2nd line friction (i.e., certain pick up trucks).

A list is attached of recently submitted new numbers that need to be dropped and not introduced or created.

Thanks in advance for your prompt attention to this matter.
