Save money when you paint. Buy your own material and none but Sherwin-Williams Paint and Varnishes. There are no so good. Hire a good painter to put it on and pay for the material yourself by the gallon or pound, and in that way you pay for what you use. We sell nothing but the best material, and you can rest assured that what you get at our store is the best. We can furnish painters at reasonable wages by the day. A full line of everything. Get wise and see how much you can save on your job.
