Dear Dr. McCormick:

This refers to your request of June 6 for approval of your plastic resin Geon 202 for use in contact with meat food products in federally inspected meat packing establishments.

No objection will be made by this Division to the use of your synthetic resin Geon 202, with or without approved additives, in plastic films or containers used in Federally inspected meat packing establishments.

Very truly yours,

R. M. Mehurin, Chief
Laboratory Section
Meat Inspection Division
