Dear Joe:

In the Supplement 1 to Exhibit A, effective 8/16/63 on page 2, an error has been called to my attention insofar as Laminating Compound is concerned. Our sheet shows \$3.50, this should be \$3.00 at all mills except Sigurd, Utah where it is \$3.50. With the discounts shown on Exhibit A, page 2, the cost to J-M at Akron and Acme is \$2.10 per bag. At Bestwall, Brunswick, Fort Dodge, Grand Rapids, New Orleans, and Wilmington it is \$2.34 per bag while at Sigurd, Utah, it is \$2.63 per bag. I am sorry that in proof reading the material, this was not caught before the lists were duplicated and sent out. The Bestwall Billing Department is being advised of the error and will make proper changes in invoices covering shipment of this material by Bestwall to J-M accounts.

Very truly yours,

BESTWALL CERTAIN-FRED SALES CORP.
