Subject: Request to Schedule Meeting

Dear Mr. Davis:

I am writing from the American Chemistry Council's Chemical Products and Technology Division (CPTD) to request a meeting with you to discuss the Office of Land and Environmental Management's policy memos on TCE remediation. On April 13, a letter was sent to the Office, by my colleague Steve Risotto, regarding those memos and their impact, and we think arranging a meeting to follow up on that letter would be beneficial.

Steve and I are available to meet next week, preferably on Wednesday – Friday, with the exception of Thursday morning, but would appreciate any time that you are able to meet with us; please let us know your availability at your earliest convenience.

Thank you for your consideration, and I look forward to hearing from you.

Regards,

Jennifer
