THE BFGOODRICH COMPANY

Calvert City, Kentucky

Part 1910 of Title 29 of the Code of Federal Regulations, Section 1910.20, entitled "Access to employee exposure and medical records," outlines the rights of employees and certain other parties to examine and copy employee exposure and medical records.

Such records for this Calvert City Plant of The BFGoodrich Company are located in the Dispensary and Safety Office. The person at this plant responsible for maintaining of these records is William C. O'Brien, Manager-Employee Relations.

Full rights of access to these records are described in the Code, copies of which are available to each employee from William C. O'Brien, Manager - Employee Relations. Also available to employees from the above-named individual are copies of other informational materials concerning this standard made available by the Assistant Secretary of Labor for Occupational Safety and Health.

Personal medical records, personal exposure records and exposure information for an employee's particular job are available upon request by the employee or designated representative. Written consent of the employee is required for the release of information to a designated representative.

Work related medical information may be obtained from Marie Foust at the Dispensary. Exposure information on vinyl chloride, EDC, benzene, mercury, noise, asbestos, dust, ethylene oxide, HCl and acrylonitrile may be obtained from Mike Fox at the Safety Office.
