Subject: Plastics Survey

As we discussed, to further your efforts in addressing C8 for the Circleville Site, the attached memo contains a survey questionnaire completed by DuPont Spruance regards our Teflon* fiber production at Spruance. Suggest you get background from Kathy Kowalski.

Subject: Plastics Survey

The addressees met and discussed the data that was in conflict with the data Bob was going to release to the EPA. The conflicting data centered around 3 answers which we revised. The changes are highlighted in red. This is the terminology the group decided was appropriate. Please respond asap if you are in agreement with the revisions, I need to send off ASAP.

Kathy, I called the law firm compiling the data and advised the lawyer we were sending in revisions and it would be several days before he received the revised data. He indicated the timing was okay.
