✓ Dr. J. Ronayne, R.S. Roth,
D. Roush

REFERENCE

Asbestos samples were taken on three separate days in the Cell Renewal Area next to the operator, during the mixing of the asbestos fibers. The samples were sent to Environmental Health Laboratory for asbestos fiber counts.

<u>Sample #</u>	<u>Date</u>	<u>Fibers/cc > 5u</u>
Sample #1	1/20/75	0.1
Sample #2	1/23/75	0.1
Sample #3	1/27/75	0.3

All samples were well below the present TLV of 5 fibers/cc > 5u as well as the future proposed standard of 2 fibers/cc.
