Hi Karen and Leah,

To follow up on the briefing memo for SO 3349:

- Add CA policies (once we receive them) (Fariba) - **BLMCA has confirmed that they have no SO policies.**
- Add hyperlinks to policies, where applicable (Fariba) - **In the Google Docs version of the file, I've added intranet hyperlinks for the 3 climate change IMs that were applicable.**
- **I inserted a comment into the Google Docs version asking about the formatting for the IM 2017-003 discussion - I'm not sure whether it was meant to be in the numbered list format.**

For your quick reference, Google Docs version link is:

Please let me know if you have any questions.

I looked at Kristin's schedule - she is free before 9, so if you can get the full document to her by 8, she could review in the am & we could deal with her comments & still get this out to the rest of the group in the am. I think Kristin will appreciate seeing it before the rest.

Steve, here is what Kristin requested with regards to mitigation; note I've also put in a couple of questions & took a wild stab at climate. Please read & edit the mitigation section too – all of this needs fresh eyes:
