

Interoffice Communication

To All VCM Plant Employees
From J. W. Ware
Date July 17, 1981
Subject Restricted Areas for Contract Personnel

Until further notice the following areas and associated facilities (i.e. restrooms, water dispensers, telephones and gai-tronics, refreshment machines, ice machines, kitchens, etc...) are off limits to all contract construction personnel working within the VCM Plant:

- Laboratory (except for emergency first aid treatment)
- Main Control Room
- Maintenance Lunch Room
- Incinerator Control Room
- Maintenance Shops, Locker Room and Offices
- Main Office
- Warehouse Offices
- Incinerator Warehouse
- Chemical Storage Warehouse

These restrictions do not apply to contractor supervisory personnel in the above areas on official business.

Such restrictions are necessary in order that a healthy, safe and efficient work environment can be maintained for all concerned. The support of all employees is needed to ensure compliance by contract personnel. The badge numbers of contract personnel found in violation of these restrictions should be reported to your immediate supervisor.
