Dear Bill,

Thank you for your handwritten note of January 17th regarding the draft for A.P.I. tank cleaning instructions. I have made all the changes you suggest and am sending it out today to the interested parties.

As far as the weaker form of narrative style, I have left that in, as that has been the form employed by A.P.I. in a number of their bulletins. I will doubtless have a chance to discuss this before final approval by the Central Committee and will suggest a more forceful tone.

Very truly yours,

WL
