Patsy, we have made a few formatting changes to the Shanghai Benzene Study issue brief. Grateful if you can review and let me know if you have any comments.

Thanks

Johan

Rob/Johan

Here you go. Most of the text has just been moved to different sections (or is from the legally approved Q&A) - new text that requires approval is highlighted in track changes.

Could you let me know if you are both happy with it?

Johan - presume next step after this will be for it to go to Patsy Clegg?

Thanks

Caitlin

Thanks - could you get it mapped over into the new format?

Rob

Rob and Johan asked me to send through the Chemicals Shanghai Benzene Study brief. This has been approved by the business and legal. It needs putting into the new issue brief template, but there have been no significant new developments since it was drafted.

Kirsty - you may remember that a while ago I also drafted a brief on benzene. As this issue isn't currently on the Chemicals matrix, it needs reviewing and updating.

Let me know if you need anything else

Caitlin
