Dear Mr. Murad;

Confirming Mr. Schwingen's and my visit and discussion with you on March 5, 1971, GAF is considering producing an asbestos free Calsilite calcium silicate thermal insulation. We appreciated your enthusiastic interest in our product. We have talked to Commander Barboo and understand that we will have to have the Bureau of Medicine & Surgery approval of this new product before being placed on the Qualified Products list.

We will keep you advised of our progress in this area.

Sincerely,

GAF CORPORATION

R. W. Henry
